SECTION C - DESCRIPTIONS AND SPECIFICATIONS

The following have been modified:

GENERAL SCOPE OF BASIC ORDERING AGREEMENT

Carolina Management & Technology, Inc., dba. CMT Solutions has experience that enables them to accomplish contracting actions, management of contracted organizations and training of personnel in the form of government and commercial procurement. Their personnel has knowledge in overseas operations of procurement and logistics operations and management. They have the capability to operate in the USA, Europe and Middle East with full service logistics and acquisition operations.

CMT Solutions also provides fully integrated IT services and product solutions for administrative, intelligence, security, operational, investigative, and logistical functions. Some of these functions include: infrastructure management, system and network administration, system performance management, call center and help desk operation, web system development and support, computers as well as peripheral and supply sales, general facility management support, system design, and programming support.

CMT Solutions has qualifications with providing both armed and unarmed guards, investigative services, facility and information security risk assessments, airport security operations, security system design and installation and security/weapons simulation and qualifications. In addition, CMT Solutions provides situational awareness training to prepare management staff and employees for overseas deployment.

They have established qualifications in bar coding technology and the identification, design, and implementation of asset management systems. CMT Solutions also supplies on-site functional and technical support that includes warranty support and hardware maintenance.

CMT Solutions also provides the CopterBox as developed by DropMaster, Inc, which is the newest solution for the aerial delivery of supplies and materials to support Field Operations and Emergency needs such as disaster recovery and Home Land Security. In addition, CMT can also provide marine and environmental assessments.

CMT also provides Portable Electrical Tool Systems (P.E.T.S) in addition to Portable Power Systems (P.P.S.). Both of these products provide inverted power from a military 28 volt electrical system to 110 volt and 120 volt power outlets.

CMT Solutions now has a Computerized Weapons Simulation Laboratory This facility has the capability to familiarize, train and qualify on hand weapons, M16, M4, M60, 50 Cal MG, maritime security and scenario based judgmental training.
